Rules to regulate grants-in-aid to private Medical Institutions.

From

The Offg Senior Surgeon

No. Dis A 186 Dated 24.1.21 Received 31.1.21

Diary No/6157	Enclos./	Spare Copies.	Serial No./

BRIEF ABSTRACT OF LETTER.

Submits a draft of a set of rules to regulate grants-in-aid to private Medical Institutions.

NOTES AND ORDERS.

The rules framed by the Senior Surgeon are in accordance with rules for the regulation of Govt. aided & Charitable dispensaries in the Bombay presidency.

241 of G.R.

In Madras presidency there is only one rule, viz: the grant of funds in aid of a private medical institution will only be made on condition that the institution is brought under inspection & submits the annual returns & reports. This rule has been accepted (vide rule 4)

NOTES—First Sheet.

Serial No.

1) The following proviso may, if approved, be added to rule 4.

"The amount of the annual grant-in-aid to a dispensary shall be subject to revision every five years."

As grants-in-aid are paid from Imperial & Provincial funds the respective Boards have to be consulted before the rules are altered.

2) Financial Secty has to be consulted in regard to the provision of Rs 150 p.m. in the next year's Provincial Budget to meet both present & future expenditure on this account, as previously sanctioned.

3) The question of sanctioning a grant of Rs 500 p.m. to Rao Bahadur Memorial Hospital, Mysore is under consideration by Govt.

Submitted for orders.

4) 1/2 The following rules may, if approved 2.2.21 ~~Rule 4 (5)~~ ~~modified as follows~~ added to r 4(5) — The inspection by the Dt med officers should be at least once a year. A detailed report of such inspection to be submitted to the Senior Surgeon who will forward it to Govt with his opinion.

5) The file med. 86-20 in which these proposals have been called for was submitted to Govt with a D.S.R.

Med File No. 485 122 of 1920. (14

Serial No.

Please keep this. Subject matter is that was said by Dr. M. Slater his letter of 24/28. 1.1921 in response to Govt. letter of 3rd may 1920 (No. 73 H.) 25/4.

Reg. 7 is only a copy of the draft rules proposed by the Senior Surgeon. The other refers are flagged.

25/4/21

48) Submitted with reference to paragraphs 7 to 10 above. The draft rules were submitted by the Senior Surgeon in response to Government's letter of 13th May 1920 issued in connection with the request of Mr. Slater of Hassan for an enhanced grant to the Mission Hospital at Hassan. The District Boards and Municipal Councils were consulted as ordered in paragraph 10 of the notes above. Most of the Local Bodies approve of the rules being adopted. Some of the Municipal Councils have resolved that as there are dispensaries in their towns already they will not be in a position make any grants. They apparently miss the fact that opinion was wanted merely as to the suitability of the rules and that there was no question of opening further dispensaries where there were already other dispensaries and that before a new dispensary could be sanctioned and contribution demanded ~~from them~~ from the Municipal Council in any particular places such council would have to be consulted again. Several of the District Boards have suggested certain alterations. The District Board of Kolar suggest that private institutions which are given grant-in-aid are open to the inspection of the Deputy Commissioner and President, District Board, or other officer authorised by him. (Vide Rule 4, Cl.5) The District Board of Tumkur, suggest that no addition should be made to the cost price of medicines etc. supplied to the Stores. (Vide Rule 9 of the draft rules). The District Board of Mysore suggest that Presidents of Taluk Boards and Municipal Councils should ~~be~~ be authorized to visit such institutions. They also recommend supply of medicines at cost price. The Gudibanda Municipal Council suggests that members of Municipal Councils as well as the President should be empowered

NOTE —Contn. Sheet

General and Revenue Secretariat | File No. 122 of 1920. 15

Serial No.

to inspect institutions. The Chikballapur Municipal Council proposes that Sub Division Officers should be so empowered. The District Board of Hassan suggests (1) that if any fee is to be levied in such institutions, previous sanction of Government is to be obtained, and (2) that a Board of visitors may be constituted when desired to visit the institutions, record their opinions and make suggestions to the authorities of the institutions. The Municipality of Chikballapur proposes the levy of 5 per cent. over cost price instead of 10 per cent for medicines supplied. The Municipal Council of Madagadi consider the standard of efficiency expected too high. The Mysore Municipal Council wish the institutions to be specially inspected by the Health Officer as well as by Presidents of the District Board and Municipal Council. The Municipal Council of French Rocks consider that the rules require drastic changes to open medical institutions in rural place—meaning apparently that they would have to be more liberal. The town Municipal Council of Hassan resolved that the rules are unsuited to the conditions of the district.

It would appear therefore that the rules have received general acceptance changes being suggested in regard to the following matters:—

(1) Lowering the standard of efficiency expected under rule 4 before sanctioning the grant.

(2) Inspection of the institutions by the officers of the Local Bodies.

(3) Giving a higher proportion of the initial recurring cost as grant, and

(4) The extra charge to be made over cost price for medicines supplied.

[App. F. III—2

General and Revenue Secretariat

File No. 1 of 1920. (11

Serial No.

(4) In regard to (1) namely standard of efficiency the fear seems to be that Vaidyans and Hakims may not satisfy conditions as to buildings, qualifications, forms and registers, as also hours of attendance. It would seem that the private institutions contemplated in the rules are of the western type namely dispensaries under the supervision of medical officers with staff and other equipment as in the case of Government institutions. To make these rules apply in the main to Vaidyans' and Hakims' dispensaries a clause may perhaps be added at the end of the rules stating that in the case of institutions where help is given under the ~~Ayurvedic System~~ rules any of the above conditions may be relaxed according to the circumstances of the case and the specific recommendations of the Local Bodies concerned.

A

5-1 Yes Mudaliar

(6) In regard to (2)-inspection—the suggestion made by some of the District Boards and Municipal Councils may be adopted and the institutions receiving aid may be subjected to the visits of presidents of the Local Boards and Municipal Councils concerned, the Deputy Commissioners, Sub Division Officers, Vice Presidents of the Local Bodies and Health Officers if any of the Local Bodies.

B

But should every institution be subject to such inspection by so many authorities? I think inspection should be only by Medical officers. In any case it is better to Consult SS on this point Mudaliar

C

(7) In regard to (3) the amount of grant the ~~proposition~~ proposed in the draft rules is one-half. This seems to be liberal enough. It may be increased in the case of particular institutions on the specific recommendations of the Local Bodies concerned. The rule proposed may perhaps be adopted with this modification.

I agree. The SS may be asked as to whether the Calculation can not be made on actual cost in stead of estimated Cost as suggested by him Mudaliar

NOTE—Contn. Sheet

Serial No.

D

I am not sure if the rate can be reduced - 10 p.c. in the rate charged by P.W.D. for Stores supplied. The Senior Surgeon may be consulted as to whether the rate is capable of reduction in order that all items of charges which should be included in the calculation may be brought into account. If the rate charged by the Medical Stores is less than what the medicines cost, the arrangement would be an indirect grant-in-aid to the extent of the difference and such grants should not be permitted or the extent of help rendered is not brought out in accts. Rule

Please make the inquiry asked for

RG 30/4

7 Draft

MW 3/5

9229/14

NOTE—Contn. Sheet

5B As regards (4) the extra charge over cost price of medicines supplied. Ten per cent. as proposed in the rules seems to be very moderate. Neither a lower rate nor supply entirely at cost price would seem to be reasonable in view of the fact that Government spend money on the stores establishment and maintenance of the Stores. The institutions that are likely to require supply from the medical stores can only be those that are run on Western lines, such as Mission Hospitals. These institutions would surely incur extra charges if they get stores direct from the firms in small quantities. The extra charge levied by the Medical Stores is not likely to exceed this difference.

Orders are required on the points specified in the last four paragraphs. After orders are recorded the rules will be modified suitably and the draft Government order put up.

MW 20/4

Secy

5C The suggestion made by the Hon'ble Sec'y in the paragraphs marked A, B, & C may be app'd. Regarding D, I think an extra charge of 10 p.c is rather excessive. I am not sure that if the cost incurred by Govt on the Med'l. Stores W'd decrease if the Stores did not supply medicines to aided institutions. An extra charge of 5 p.c. would appear to be quite enough - if any extra charge is needed at all.

RG 25/4

5. " K. V. Gundopant.

Read Revenue Secretary's letter No. G. 16632-41/Medl. 122-20, dated 24th February 21, forwarding for opinion the Draft of a set of Rules to regulate grant-in-aid to private Medical Institutions, and the Resolution of the District Board, dated 12th April 21, referring the subject to the Special Sub Committee for Medical Institutions for report.

Resolution. The draft rules are generally approved but the following suggestions are made for consideration:-

(1) If any fees are to be levied from patients, previous sanction ~~of Government~~ of the Government must be obtained.

(2) Besides the institution being open to inspection by the District Medical Officers and Senior Surgeon, a Board of Visitors may also be constituted when desirable, the function of the Board being,

(a) To visit the Institution periodically not less than once a quarter;

(b) To record their opinion about the condition of the Institution generally.

(c) The Board of visitors shall be competent to make suggestions to the authorities of the Institution for its improvement.

No. Dis A 186 Office of the Senior Surgeon,
Enc. 2. Mysore Government, Med 129-20-1
Dated, Bangalore, 24th January ~~1921.~~ 28

FROM

Dr. H. B. Mylvaganam, F.R.C.S.(Engl.),
Offg. Senior Surgeon with the Government of
His Highness the Maharaja of Mysore,
BANGALORE.

TO

G. Arayamudu Iyengar, Esq., B.A.,B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Revenue Department, BANGALORE.

Sir,

With reference to your office letter No. G. 25001-Med. 73-19-4, dated, 3rd May 1920, I have the honour to submit herewith a draft of a set of rules to regulate grants-in-aid to private medical institutions and to state that the rules are based on Government Orders in respect of grants sanctioned to the Kalasa and other Planters' Medical Funds and also adapted from rules in force in the Bombay and Madras Presidencies. These rules seem to be enough for the present and they can be added to or altered in the light of future experience.

2. A list of private medical institutions working in the State is enclosed. It will be seen that 7 of them are in receipt of grant either from the State or from Local and Municipal Funds. The Zannana Mission Hospital, at Chennapatna, and the Mission Medical Institution at Mandagadde have temporarily stopped working owing to war. The last named institution received only a building grant of

P.T.O.

grant of Rs.5,000/- vide G.O.No.4243-6-Med.79-12-11 dated 13th October 1913. There are 3 institutions which do not receive any aid from State or Local Funds. The question whether any particular institution might be brought under the grant-in-aid system can only arise when there is an application for such a grant from the authorities of the institution.

3. The total amount of grant received by the several institutions at present comes to Rs. 1160/- per annum, of which Rs. 2920/- are paid by District and Municipal Funds. It would be convenient, if all grant-in-aid bills are made payable by this department in the first instance, on the countersignature of the District Medical Officers of the Districts concerned, and the portions payable by the District and Municipal Boards be levied as contributions in the usual way. A provision of about Rs. 15000/- in the Medical Budget would seem sufficient to meet both present and future expenditure on this account. Grants for buildings are left out as it is obviously not possible to make any forecast on this account.

4. As regards the Redfern Memorial Hospital, Hassan, in connection with which this question arose, I beg to propose a monthly grant of Rs.100/- which will enable the Mission to carry on the good work they have so long been doing without any difficulty. I have inspected the hospital and seen the work done there and have come to the opinion that it eminently deserves the grant now recommended. The proportion in which the grant has to be met from the State, District and Municipal Funds, is a matter for the orders of Government. In case the local bodies are unable to add to the amounts now given by them, the deficiency to make up the Rs.100/- may, I request, be met from State Funds.

I have the honour to be,
Sir,
Your most obedient servant,

H.B. Iyengar

SSR-BVA. OFFG. SENIOR SURGEON.

" DRAFT RULES TO REGULATE GRANTS-IN-AID TO PRIVATE MEDICAL INSTITUTIONS.

---:oOo:---

1. The provision of medical aid being one of the primary responsibilities of the local (Municipal or District) -- Boards, every application for a grant-in-aid to a private medical institution should be made through the President, of the District Board or be referred to him for opinion.

2. In supporting an application for grant, it must clearly be explained to what extent the proposed institution is expected to meet the medical needs of the locality concerned or to supplement existing medical aid, if any.

3. No such application will be sanctioned by Government, unless the building in which the proposed institution is to be located, is certified to be suitable for the purpose, that it will be properly equipped and furnished and provided with adequate trained staff.

4. The payment of grant will always be subject to the conditions that

(1) The buildings are maintained in proper condition.

(2) The supply of medicines &c., is replenished timely.

(3) The Institution is in charge of a properly qualified medical-man and is otherwise provided with the necessary trained staff.

(4) The Institution is open daily to the general public for the treatment of ordinary out-patients, for not less than 5 hours a day, the hours of -- opening and closing being fixed to suit local requirements and the season of the year. -- Urgent cases shall be attended to at any hour, on any day.

(5) The Institution is open to inspection by the District Medical Officers and the Senior Surgeon.

(6) That proper registers are maintained to record the work done in Institution and the annual statements in the prescribed forms, are regularly submitted to the office of the Senior Surgeon not later than the 15th February, every year.

5. The amount of grant in each case shall not ordinarily exceed one-half of the total estimated cost, whether initial or recurring.

6. The estimate of the cost of building should be supported by a valuation by the Executive Engineer of the Division and that of the equipment by the Superintendent, Medical Stores.

7. In estimating the maintenance charges, the pay of the Medical Officer-in-charge will be taken at Rs.55/- in the case of a dispensary, and Rs.150/- (being the average pay of a 2nd Grade Assistant Surgeon) in the case of a hospital containing not less then twelve beds for the treatment of In-patients and the other charges will be calculated on the basis of the cost of similar items in the Government Hospital or Dispensary in the District or Station concerned.

8. The apportionment of the grant-in-aid between the State, District and ~~Medical~~ Municipal Funds, will be subject to the same rules as those governing the payment of charges of Municipal and local fund dispensaries.

9. Private medical institutions receiving grant-in-aid may,

with the sanction of Government, be supplied with medicines and appliances from Government Medical Stores, but will be charged for at 10% more than their cost price.

"Extract from the Proceedings of the Haddagi'ri municipal Council, held on 29. 12. 21.

× × × × ×

11/8 Re. letter No. G. 16632-41 Md/122-22 dated 24-2-1921 from the Secretary to the Govt of H.H. the Maharaja of Mysore and Dy. Commissioner's letter No. 108 dated 23-11-21.

The principle underlying the set of Draft rules to regulate grants in aid to private medical institutions in the state is no doubt sound and good. The standard of efficiency prescribed in the rules seems to be in the opinion of the Council too high for places like Haddagi'ri and it may be relaxed to some extent to suit the local conditions of the out-of-the-way places like this.

SIR,

With reference to your letter No. G.16632-41/Med. 122-20-2 dated the 24th February 1921 and in continuation of this office letter No. C 1643/20-21 dated 7th June 21 re- the suitability of the draft rules for the payment of grant-in-aid to private Medical Institutions, I have the honor to enclose copies of resolutions received from 19 Municipal Councils and to state that the remaining marginally noted 3 councils have been requested to expedite to furnish them at once. It will be seen from the above that 17 councils have opined that the rules in question are suitable and may be adopted. The Municipal Council of French-rocks has opined that the conditions are hard requiring drastic changes to open medical institutions in rural parts. The Nanjungud Municipal Council has approved of the draft rules with certain modifications as detailed below:-

1. that medicines be supplied at the cost price,
2. that institutions be thrown open for inspection by the President or Vice President.

Municipal council Bellary

Draft rules to regulate grants-in-aid to private medical institutions.

1. The provision of medical aid being one of the primary responsibilities of the local (Municipal or District) bodies, every application for a grant-in-aid to a private medical institution should be made through the President of the District Board or be referred to him for opinion.

2. In supporting an application for grant, it must clearly be explained to what extent the proposed institution is expected to meet the medical needs of the locality concerned or to supplement existing medical aid, if any.

3. No such application will be considered by Government, unless the building in which the proposed institution is to be located is certified to be suitable for the purpose, that it will be properly equipped and furnished and provided with adequate trained staff.

4. The payment of grant will always be subject to the conditions that -

(1) the buildings are maintained in proper condition.

(2) the supply of medicines etc., is replenished timely.

(3) the Institution is in charge of properly qualified medical man and is otherwise provided with the necessary trained staff.

(4) the Institution is open daily to the general public for the treatment of ordinary out-patients, for not less than 4 hours a day, the hours of opening and closing being fixed to suit local requirements and the season of the year. Urgent cases shall be attended to at any hour on any day.

(5) the Institution is open to inspection by the District Medical Officers and the Senior Surgeon.

(6) such proper registers are maintained to record the work done in Institution and the annual statements in the prescribed forms, are regularly submitted to the office of the Senior Surgeon not later than 1 st July, every year.

5. The amount of grant in aid in each case shall not ordinarily exceed one-half of the total estimated cost, whether initial or recur-

extract from the proceedings of the Harana[illegible] Municipality held on 24th January 1925.

Draft rules to regulate grants-in-aid to Private Medical Institutions.

1. The provision of medical aid being one of the primary responsibilities of the local (Municipal or District) Boards, every application for a grant-in-aid to a private medical institution should be made through the President of the District Board or be referred to him for opinion.

2. In supporting an application for grant, it must clearly be explained to what extent the proposed institution is expected to meet the medical needs of the locality concerned or to supplement existing medical aid, if any.

3. No such application will be sanctioned by Government, unless the building in which the proposed institution is to be located is certified to be suitable for the purpose, that it will be properly equipped and furnished and provided with adequate trained staff.

4. The payment of grant will always be subject to the conditions that

(1) The buildings are maintained in proper condition.

(2) The supply of medicines etc., is replenished timely.

(3) The Institution is in charge of a properly qualified medical man and is otherwise provided with the necessary trained staff.

(4) The Institution is open daily to the general public for the treatment of ordinary out-patients, for not less than hours fixed to suit local requirements and the season of the year.

Urgent cases shall be attended to at any hour on any day.

(5) The Institution is open to inspection by the District Medical Officer and the Senior Surgeon.

( ) that proper registers are maintained to record the work done in Institution and the annual statements in the prescribed forms, are regularly submitted to the office of the Senior Surgeon not later than the 15th February, every year.

5. The amount of grant in each case shall not ordinarily exceed one-half of the total estimated cost, whether initial or recurring.

6. The estimate of the cost of building should be supported by a valuation by the Executive Engineer of the Division and that of the equipment by the Superintendent, Medical Stores.

7. In estimating the maintenance charges, the pay of the Medical Officer-in-charge will be taken at ₹55/- in the case of a dispensary, and ₹150/- (being the average pay of a 2nd Grade Assistant Surgeon) in the case of a hospital containing not less than twelve beds for the treatment of in-patients and the other charges will be calculated on the basis of the cost of similar items in the Government hospital or dispensary in the District or Station concerned.

8. The apportionment of the grant-in-aid between the State, District and Municipal funds, will be subject to the same rules as those governing the payment of charges of Municipal and local fund dispensaries.

Draft rules to regulate grants-in-aid to private Medical Institutions.

---

1. The provision of medical aid being one of the primary responsibilities of the local (Municipal or District) Boards, every application for a grant-in-aid to a private medical institution should be made through the President of the District Board or be referred to him for opinion.

2. In supporting an application for grant, it must clearly be explained to what extent the proposed institution is expected to meet the medical needs of the locality concerned or to supplement existing medical aid, if any.

3. No such application will be sanctioned by Government, unless the building in which the proposed institution is to be located is certified to be suitable for the purpose, that it will be properly equipped and furnished and provided with adequate trained staff.

4. No payment of grant will [illegible] be subject to the conditions that -

(a) [illegible]

(b) the supply of medicines etc., is reasonable and duly.

(c) the Institution is in charge of properly qualified medical man and is otherwise provided with the necessary trained staff.

(d) the Institution is ordinarily to the general public for the treatment of [illegible] patients, for not less than [illegible] hours a day, the hours [illegible] being fixed to suit local [illegible] during the season of the year. Urgent cases shall [illegible] that may have on any day.

(e) the Institution is open to inspection by the District Medical Officers and the Collector.

( ) [illegible] to furnish to the Government the work done in Institution and [illegible] statements in the prescribed form, duly signed by [illegible] to the office of the Collector not later than [illegible] January, every year.

5. The amount of grant [illegible] shall not ordinarily exceed one-half of the total estimated cost, whether initial or recurring

Secretary to Government,
Local and Legislative Departments,
B a n g a l o r e.

Sir,

With reference to the correspondence ending with your letter No. L.5086/Med. dated 19th January 1925, calling for the opinion of the Municipal Councils re. the suitability or otherwise of the draft rules prepared for regulating grant-in-aid to private medical institutions, I have the honor to forward herewith the resolutions of the several Municipal Councils of this District expressing their opinion in the matter.

2. All the Municipal councils except (1) Hassan (2) Saklespur (3) Sravanabelagola and (4) Arkalgud are of opinion that the draft rules may be approved. The Municipal Council of Hassan opine - - that the draft rules are totally unsuited to the existing state of affairs of this district, while the Saklespur and Sravana Belagola Municipal Councils seem to think that there is no necessity for - - any such rules, as there is neither any occasion to sanction any grant in aid from the Municipal funds nor can they afford to pay such grants. The Municipal Council of Arkalgud have simply recorded the reference on the subject without forming any opinion - about the proposed rules.

I have the honor to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Hassan District.

No. S.C 126-1.

Enc.

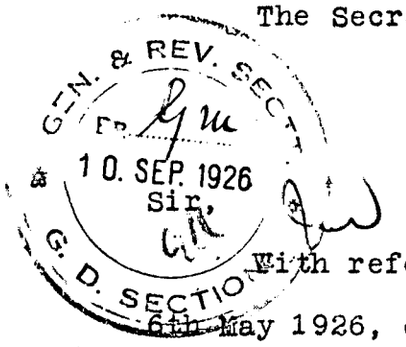
Med 122-20-24

From

Dr. B. Mahomed Usmon, L.M.S.,
Senior Surgeon in Mysore, Bangalore.

To

The Secretary to the Government of
H.H. the Maharaja of Mysore, Medical and
Agricultural Departments, Bangalore.



Sir,

With reference to your letter No. G. 895/Med. 122-20-23, dated 6th May 1926, calling for my opinion on certain observations therein made on the draft Rules to regulate grants-in-aid to private medical institutions submitted to Government with this office letter No. Dis. A. 186, dated 28th January 1926, I have the honour to state as follows

Rule 4(5). As the Rule stands at present, these aided institutions are to be subject to inspection by the Senior Surgeon and by the District Medical Officer concerned. As they are both Government Officers, it seems unnecessary to add more Government Officers to the list. But in cases, where District and Municipal Boards are making contributions, it is reasonable to allow a representative of each of the bodies, the privilege of inspecting the institution, provided that the inspection by these non-technical officers is confined to no-technical questions connected with the institution, as in the case of the Boards of Visitors appointed to the Victoria, the Minto and the Krishnarajendra Hospitals in Government Order No. L.1800-80/ Med. 82-24-8, dated 7th September 1925.

Rule 5. The "estimated cost" has been advisedly taken as the basis for fixing the proportion to be paid as grant-in-aid, for the simple reason that actual cost will be very difficult to find out, in the cases of private institutions whose accounts are not liable to any Government audit. In the case of pay of the staff employed, for instance, it will not be difficult for charitable bodies to employ a qualified doctor on Rs.200/- or Rs.250/- and inducing him to pay a subscription of Rs.50 or 100 to the maintenance fund, thus

reducing

Draft rules to regulate grants-in-aid to Private Medical Institutions.

---

1. The provision of medical aid being one of the primary responsiblities of the local (Municipal or District) Boards, every application for a grant-in-aid to a private medical institution should be made through the President of the District Board or be referred to him for opinion.

2. In supporting an application for grant, it must clearly be explained to what extent the proposed institution is expected to meet the medical needs of the locality concerned or to supplement existing medical aid, if any.

3. No such application will be sanctioned by Government, unless the building in which the proposed institution is to be located is certified to be suitable for the purpose, that it will be properly equipped and furnished and provided with adequate trained staff.

4. The payment of grant will always be subject to the conditions that

(1) The buildings are maintained in proper condition.

(2) The supply of medicines etc., is replenished timely.

(3) The Institution is in charge of a properly qualified medical man and is otherwise provided with the necessary trained staff.

(4) The Institution is open daily to the general public for the treatment of ordinary out-patients, for not less than 5 hours fixed to suit local requirements and the season of the year.

Urgent cases shall be attended to at any hour on any day.

(5) The Institution is open to inspection by the District Medical Officers and the Senior Surgeon.

(6) That proper registers are maintained to record the work done in Institution and the annual statements in the prescribed forms, are regularly submitted to the office of the Senior Surgeon not later than the 15th February, every year.

5. The amount of grant in each case shall not ordinarily exceed one-half of the total estimated cost, whether initial or recurring.

6. The estimate of the cost of building should be supported by a valuation by the Executive Engineer of the Division and that of the equipment by the Superintendent, Medical Stores.

7. In estimating the maintenance charges, the pay of the Medical Officer-in-charge will be taken at R$55/- in the case of a dispensary, and R$150/- (being the average pay of a 2nd Grade Assistant Surgeon) in the case of a hospital containing not less than twelve beds for the treatment of in-patients and the other charges will be calculated on the basis of the cost of similar items in the Government Hospital or Dispensary in the District or Station concerned.

8. The apportionment of the grant-in-aid between the State, District and Municipal Funds, will be subject to the same rules as those governing the payment of charges of Municipal and local fund dispensaries.

P T O
